Benefits

- Easy setup
- Lasts over 3 years when depleted every day.
- Simple display
- Faster recharge time
- No maintenance
- Efficient space use.
- 1C battery
- Bluetooth battery

Stats and capacity:

With 1x 100ah battery takes only 3.3 hours to charge fully from empty.

Enough capacity to power a light, TV, Phone charger, WIFI and laptop for over 7 hours.

Enough power for 2x WIFI Routers, 3x TVs and 2x Fridges, 3x lights for 2 hours.

Additional bypass power: up to 3kW(+100%) of bypass/ passthrough energy (while grid is available).
